

## REMARKS

This application has been reviewed in light of the Office Action dated September 30, 2004. Claims 1-8 are currently pending in the application.

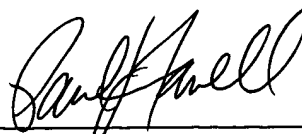

In the Office Action, the Examiner has rejected Claim 1 under 35 U.S.C. § 102(e) as being anticipated by *Hunzinger* (U.S. Pub. No. 2002/0065071), Claim 2 under 35 U.S.C. § 103(a) as being unpatentable over *Hunzinger* in view of *Ziniel* (U.S. 5,390,341), Claim 3 under 35 U.S.C. § 103(a) as being unpatentable over *Hunzinger* in view of *Sharma et al.* (U.S. Pub. No. 2003/0223461), Claims 4-6 and 8 under 35 U.S.C. § 103(a) as being unpatentable over *Cox et al.* (U.S. 6,754,486) in view of *Hunzinger*, and Claim 7 under 35 U.S.C. § 103(a) as being unpatentable over *Cox* in view of *Hunzinger*, and further in view of *Kobayashi* (U.S. 6,721,564).

Claims 1-8 of the present application are all directed to methods for connecting a mobile communication terminal *by Bluetooth wireless communication*. However, *none* of the references cited by the Examiner make any reference to Bluetooth communication. The references cited by the Examiner merely teach communication between a base station and a mobile station. Therefore, it is respectfully submitted that the Examiner is incorrect in rejecting Claims 1-8 and it is respectfully requested that the rejections of Claims 1-8 be withdrawn.

In view of the preceding remarks, it is respectfully submitted that all pending claims, namely Claims 1-8 are in condition for allowance. Should the Examiner believe that a telephone conference or personal interview would facilitate resolution of any remaining matters, the Examiner may contact Applicant's attorney at the number given below.
